

Imagine you are out with your family on a walk and one of you is injured. You call 999 and the control operator asks you for your location. What would you do if you weren't sure where you were?

This is where what3words can help you.  
You can download the app for free onto a mobile phone.

Every 3 metres square of the World has been given a unique combination of 3 words.

Let's see how it works with a game of I Spy

I spy with my little eye something that can be found at [////word.word.word](#)

How many things from the list below can you spot on a daily walk?  
Use the what3words app to write down exactly where you found each one.

Yellow Flower			
Dog in a coat			
Butterfly			
Square stone			
Green Car			
Wooden bench			
15cm stick			

Don't stop there! Add as many items to your list as you wish
